ABOUT THE BOOK

"I told you, I'll do it later." "I forgot to turn in the stupid application." "Could you drive me to school? I missed the bus again." "I can't walk the dog--I have too much homework!" If you're the parent of a "smart but scattered" teen, trying to help him or her grow into a self-sufficient, responsible adult may feel like a never-ending battle. Now you have an alternative to micromanaging, cajoling, or ineffective punishments. This positive guide provides a science-based program for promoting teens independence by building their executive skills--the fundamental brain-based abilities needed to get organized, stay focused, and control impulses and emotions. Executive skills experts Drs. Richard Guare and Peg Dawson are joined by Colin Guare, a young adult who has successfully faced these issues himself. Learn step-by-step strategies to help your teen live up to his or her potential now [Read more](#)
